WHY WE "WALK FROM OBESITY"

In the United States, more than 93 million individuals are affected by obesity. Obesity can decrease an individual's life expectancy by 7-14 years, and increases the risk of other life threatening conditions. Through the ASMBS Foundation's Walk from Obesity we are able to raise awareness and provide educational information regarding prevention and treatment. We are also able to raise funds to support important obesity and bariatric surgery research, educational programs, and advocacy initiatives.

Here are 3 great reasons to become a local sponsor:

INCREASE YOUR VISIBILITY

Local Sponsors will receive exposure in the community that they serve. Through promotion leading up to the Walk to the day of the event, your company will be spotlighted as a supporter of this important event.

BECOME AN ADVOCATE

Your financial support also benefits at a national level by supporting the work of the ASMBS Foundation through research, education, and access to treatment.

INCREASE AWARENESS

Raising awareness about obesity and treatment options is important to ending the obesity epidemic. The Walk is the only event of it's kind that brings those affected by obesity and other related diseases together to send one powerful message.

Making the Walk from Obesity Possible

THE ONLY NATIONAL WALKATHON OF IT'S KIND

The Walk from Obesity is a powerful public awareness event. This event brings together individuals directly impacted by obesity with companies that are committed to making a difference.

The companies that sponsor each local Walk, along with the participants themselves, are all an integral part in raising awareness about the disease of obesity and the treatment options that are available within their very own communities and are who make this event possible.

PRESENTING SPONSORS. The Presenting Sponsor of your local Walk has already committed sponsorship dollars, as well as countless volunteer hours to plan your local Walk from Obesity. This sponsor and the ASMB's Foundation will work together to create a great event for your community.

Back of T-shirt Example

LOCAL SPONSORS. Companies that choose to become a Local Sponsor of their community's Walk from Obesity make a huge difference in the event's overall success. By becoming a Local Sponsor, your company will help to cover local event expenses, as well as support the work and mission of the ASMB's Foundation at a national level. Your company will also have the opportunity to provide information about the products and services it offers. Many individuals will attend the Walk because they want to learn about weight loss and treatment options that are

available to them within their community. The opportunity to provide this information is not only beneficial to those individuals but is also beneficial to your business.

We also encourage your company to participate in the Walk by starting a corporate team. Some levels of sponsorship even include a promo-code that will allow your company to invite others to register at no charge with use of its customized promo-code.

WALK PARTICIPANTS AND INDIVIDUAL DONORS. The individuals themselves send a powerful message of the need for expanded efforts in prevention, education, research and access to treatment. The Walk is a fun-filled event for individuals, families or groups.

PARTICIPANTS INCLUDE:

- Individuals that struggle with body weight and/or weight loss
- Those who have successfully overcome obesity or continue to battle obesity
- Healthcare professionals
- Those that live or want to live a healthier/active lifestyle
- Family members and friends of those affected by obesity

Individuals that support the participants with a donation or financial pledge are also an integral part in this inspiring event.
